## V 190T SERIES

### ADJUSTABLE TILT CHANNEL FRAME MIRRORS

Series 190T Adjustable Tilt Channel Frame Mirrors come with a bright polished stainless steel frame. Arm brackets and piano hinges allow the mirror to tilt downward for wheelchair use.

#### TECNICAL DATA:

- Mirror: 5mm thick float plate glass, electro-copper backed to prevent silver spoilage.
- Backing: Full-sized expanded polystyrene sheet.
- Back Plate: 22 gauge galvanized steel with key slots.
- Channel: 1/2"x1/2"x1/2" bright polished 430 stainless steel with mitered corners.
- Piano Hinge: 18 gauge stainless steel.
- Arm Brackets: 13 gauge chrome plated steel.
- Size: Mirror shall be \_\_\_\_" wide x \_\_\_\_" high.

#### NOTES:

**Mirror size indicates nominal glass size. Actual finished mirror size is 1/4" larger.**

**Always order mirrors by width first, then height.**

#### INSTALLATION:

1. Attach bottom piano hinges first with appropriate mechanical fastners.
2. Raise mirror to upright position and attach arm brackets.
