

FIXED TILT FRAME MIRRORS

The fixed tilt frames are formed from satin finish 18 gauge type 304 stainless steel with welded corners. The mirrors are furnished with 1/4" polished float plate glass. Other options are available. Please call Cweco with specifications for pricing.

NOTES:

- 1) The width is always ordered first, the height is second.
- 2) if shipping, the approximate weight for an angle frame mirror is 5.5 pounds per square foot.
- 3) Mirrors are made vandal resistant with a snap-on locking system.
- 4) Installation of back plate is by mechanical fasteners (not included) that are selected depending on wall conditions.
- 5) To order: specify series V 900 mirrors followed by the width then the height.

STANDARD MIRROR SIZES (WIDTH X HEIGHT).

18" x 30"

24" x 30"

18" x 36"

24" x 36"

EASY INSTALLATION:

- (A)Mount back plate to wall. (b)Position frame with mirror over back plate and snap into place.
